Hello: gmail.com

Thank you for your participation in the designs for the sidewalk project planned on SW Normandy Road, we are excited to hear your input! Comments can be dropped off today or sent by email to maryannez@ci.normandy-park.wa.us or by mail 801 SW 174th St Normandy Park, WA 98166 until June 30th, 2014

Please mark which areas of interest/concern/comments to help us summarize comment issues:

- Street lighting and street trees
- Crosswalks
- Safety
- Existing trees
- 4th Ave S rock wall stability
- Future sidewalks to 8th Ave SW
- Fences
- Driveways
- Mail Boxes
- Cost and who pays for the construction
- Undergrounding power
- Connections to Nist Park
- Construction time line and coordination with WSDOT overlay
- Support the Project
- Against the Project
- Was this a positive experience and did we do a good job? *Yes!*
- Other

Comment: o trees - changing with season

o Would like to see bid for galv. handrails along Normandy Road & Nist Park

Comment: Please salvage the fence boards along Normandy Road for reuse for the Park fence.

Please raise 3rd Ave S.W. ^{where it intersects} at Normandy Rd. to provide better line of sight to the east.

Comment: Need lighted crosswalk on Normandy Road. Pedestrians are being ignored & need some way to get driver's attention. They need to cross road as they want a sidewalk to walk on.

Comment: PLEASE CONSIDER ELECTRONIC (SOLAR, I THINK)
SPEED READER SIGNS. THE SIGNS SHOW MIN.
SPEED LIMIT OF 25 MPH BUT ALSO SHOWS THE
ACTUAL SPEED OF PASSING CARS. I RECENTLY

Comment continued: VIEWED ONE THAT ACTUALLY HAD
NUMERIC #'S (e.g. 30 "YOUR SPEED") & SAID "SLOW DOWN"
WHEN A CAR WAS DRIVING TOO FAST. WE'VE LIVED
ON ~~THE~~ NORMANDY RD FOR JUST 2 YRS AND
HAVE WITNESSED MANY CARS GOING WELL OVER
25 MPH, DAILY. HAVING A "REALTIME" READER
MAY ENCOURAGE FOLKS TO SLOW DOWN TO INCREASE
SAFETY. WE ARE MOST CONCERNED ABOUT SAFETY.

Thanks!

along Normandy Rd.

(See comments on back)

Comment: I am ~~very~~ especially interested in saving my 6 existing hinoké cypress trees. My vegetation and trees already act as a rain garden and collect

runoff from my yard. I would love to see under ground power along Normandy Rd, as long as it would not cost me much, Also some sort of white fence should continue along Normandy Rd. for traffic safety at night, (or equivalent)

Comment continued:

I do not think we need so many
new ~~3~~ street lights What is the purpose?
Let's eliminate this and save money.

Comment: ON THE CHAIN-LINK FENCE. I know it's difficult, but possibly, to keep the "old" city nature, could the ^{PASTURE} wood-fence be in front of it or attached to it?

Comment: sidewalk connectivity from south side of Normandy Road to 4th Ave SW – recommend adding stairs on the right of way and a crosswalk across 4th AVE at the curve.

Comment continued: wide sidewalk on north side of
Normandy Road a good safety improvement as
current sidewalk with forces people onto street
in order to pass other pedestrians.
