Are you serving as agent for the above named telecommunications carrier? If yes, please attach proof of agency.		<input type="checkbox"/> <input type="checkbox"/> Yes No

Property and Facility Information

Is this an application for:

(i) New franchise? Yes No

(ii) Renewal/amending an existing franchise? Yes No

(iii) Transfer of a franchise? Yes No , if yes, identify who currently holds the franchise:

If you are renewing/amending an existing franchise, has your franchise otherwise expired?

Yes No

If not, what is the expiration date of your current franchise?

Location and description of proposed site or route of facilities.

Describe the telecommunications facilities and/or other equipment (including personal wireless services and wireless communications facilities) proposed to be located within subject right-of-way. Include a map of ground-based facilities and aerial facilities and provide a summary of which facilities will be installed on new versus existing structures. Provide a map of the area to be covered by the franchise and include specific locations of initial build-out and, if known, proposed future build-out locations.

Are you installing small cell facilities? Yes No

If the proposed facilities and/or other equipment are proposed to be installed on poles, does the applicant have pole attachment agreements with existing pole owners? Is the applicant requesting to locate on City-owned poles (note: if applicant requests usage of a City-owned pole it will need to enter into a separate lease agreement with the City)?

What alternate routes and/or locations for the proposed facilities have been evaluated? Explain why this site is the best alternative.

Describe your site access policies.

Describe the transmission medium that will be used to provide telecommunications.

Describe the areas of the City that are anticipated to be served. What is the expected build-out schedule for these areas? If the City is already built out, describe if there are any expected construction projects.

Indicate what licenses, certificates, and authorizations are required from the Federal Communications Commission, the Washington Utilities and Transportation Commission and any other federal or state agency with jurisdiction over the proposed activities. Have all such licenses, certificates and authorizations been obtained?

Describe in detail the services that you expect to provide within the City, including whether the provision of services will be to commercial and/or residential customers.

Provide a summary of all utility taxes the proposed activities, facilities, and other equipment will be subject to. In doing so, provide an estimate of income/revenues that can be used to calculate estimated future utility taxes. Should applicant believe it is not subject to any utility taxes, provide the basis for such belief.

Explain whether the Internet Tax Freedom Act does or does not apply to the services being provided.

The City of Normandy Park reserves the right to ask additional questions on a case by case basis.

Certification

I certify that the information and any attachment herewith submitted are true and correct to the best of my knowledge and that I have the authority to file this application and act on behalf of the above named telecommunications provider or carrier.

ALSO SUBMIT WITH THIS COMPLETED APPLICATION FORM:

- 1) An accurate area map showing the location of proposed and existing (if any) telecommunications facilities in the City that the applicant intends to use.
- 2) The location proposed for new ducts, conduits, or poles, and evidence that there is sufficient capacity within the public ways for the proposed telecommunications facilities. *Note: Applicants seeking to install new poles must follow the procedures outlined in the municipal code. Applicant should not presume that requests to install new poles will be approved.*
- 3) Evidence of registration in the one-number locator service, as described in RCW Chapter 19.122.
- 4) Proof of agency, if necessary (as indicated above).
- 5) Provide a copy of the Utilities and Transportation Commission Registration and Competitive Classification of Telecommunications Companies form, if you are registered with the Utilities and Transportation Commission.
- 6) Provide the most recent income statement or report of gross revenues used for calculating utility taxes paid to the City. This report should contain detailed information as to how you calculated the utility taxes owed to the City.
- 7) An 11"x17" set of preliminary engineering plans, specifications, and a map with sufficient detail to identify the following items:
 - a. The location and route requested for the applicant's proposed telecommunications facilities;
 - b. The location of applicant's overhead and underground public utility, telecommunication, cable, water, sewer drainage and other lines and equipment in the public ways along the proposed route;
 - c. The specific trees, structures, improvements, facilities, lines and equipment and obstructions, if any, that applicant proposes to temporarily or permanently remove or relocate;
- 8) A preliminary construction schedule and completion date.
- 9) Complete submittals of any other necessary environmental or construction permits including, but not limited to, shorelines, SEPA, etc.
- 10) Evidence that zoning and land use permits have been applied for or obtained from the City as applicable, or that applications for such permits and approvals have been submitted to the City and for the proposed telecommunications facility.
- 11) A photo simulation of the proposed above ground facilities.
